Ton Rabelink  
(Netherlands)

We are pleased to announce the 4<sup>th</sup> Nephro Update Europe taking place on 18–19 September in The Hague...just a 40-minute drive from Amsterdam's International Airport.

With 13 highly-reputable and experienced experts across the field, we are thrilled to offer you again relevant and top-quality medical education for nephrologists ... in our opinion.

We have created a cutting-edge program for you to get up-to-date on the most significant and practical, current developments in nephrology. Over 2 days, specialists will engage with you and summarize the latest international, peer-reviewed journal results, with all presentations for you to download and take home. Videos-on-demand will also be available after the event on [www.streamed-up.com](http://www.streamed-up.com) – **register for free!**

**Submit an Abstract and pay only 250 €!** ePosters will be displayed throughout the event, and prizes worth over 500 € will be given out on Saturday! **Young nephrologists** (35 yrs & younger) pay only 250 €!

**This event will take place either as a live event or virtual online event – depending on event restrictions in September. Please note: on-site tickets will be changed to livestream tickets, or cancellations will be allowed at no cost.**
